## Warning: The Four Most Dangerous Medications

You may be able to predict the **four medications** that are most associated with **drug-related hospital admissions** in older patients. But **you may be shocked** to learn just how many hospitalizations are associated with these four medications. [Click here](#) to read a new blog by CHAMP's Pharmacy Expert Dennee Frey. She shares her thoughts about **important recent study findings** that are receiving a lot of buzz.

## 5 Reasons to Register for a CHAMP Course
