Nurse-MD Communication: It's as easy as S-B-A-R!

In her video blog, **Debra Bertrand, CHAMP Facilitator**, shares tips to effectively communicate with physicians and improve the quality of care for your home care patients. [Click here](#) to watch her video!

Try this Tool

The **Diabetes Zone Tool** is designed to assist patients and caregivers in managing diabetes using red, yellow and green zones. It also helps patients determine when to call the physician, home care nurse and/or go to the emergency department. This tool is available in both [English](#) and [Spanish](#).

“You oughta be in pictures”

Do you or your agency have a favorite CHAMP tool that you use frequently to improve the quality of care for your older patients?

Tell us about your favorite tool and you could be featured in an upcoming video blog post for CHAMP! Send your thoughts to champ@vnsny.org.
